Undergraduate degree programs

Biological Sciences
has a distinctive core curriculum of biology, chemistry, computer science, mathematics, and physics. Electives in diverse fields allow students to pursue their own unique interests and goals.

Business Administration
emphasizes a quantitative, analytical approach to the fundamentals of management science. Electives in both business and the liberal arts provide a balanced, well-rounded education.

Computational Biology
is an emerging field that applies computational tools to biological problems. The program provides an intensive, interdisciplinary education grounded in the disciplines of biology and computer science.

Computer Science
provides students with the core skills of mathematical reasoning, algorithmic thinking, and programming. A minor in a second subject offers students unparalleled flexibility to pursue their goals.

Information Systems
exposes students to the fundamentals of analyzing, designing, implementing and testing technological solutions to real-world problems. This flexible program encourages students to explore their interests.

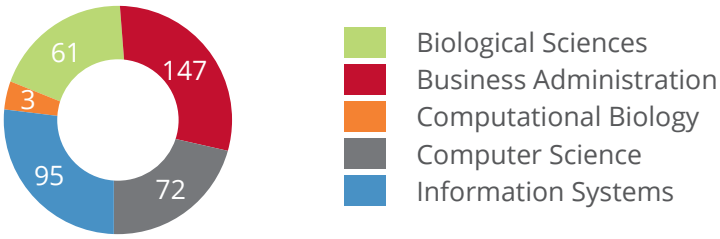
Student enrollment, academic year 2018-19

Enrollment: 378 | Nationalities: 38



45% Qatari **55%** Non-Qatari

37% Male **63%** Female

Qatari citizens

For Qatari citizens and citizens of other GCC countries, government scholarships and/or company sponsorships typically cover the full cost of attendance.

Non-Qatari students

Need-based financial assistance is available to students of all nationalities through the Hamad bin Khalifa Financial Aid Program administered by Qatar Foundation.

Merit scholarships

Between five and ten **CMU-Q merit scholarships** are awarded annually to the most academically promising applicants. These awards cover between 10 and 75 percent of tuition fees and can be combined with need-based financial aid from Qatar Foundation.

Qatar Foundation's scholarship program awards a limited number of full-tuition merit scholarships annually to students who have spent at least two semesters in one of Education City's branch campuses.

Application checklist

At Carnegie Mellon, every applicant is treated as an individual. Admission is based on academic merit, with the following documents required for a complete application:

- ☐ Online application form through the Common Application
- ☐ Writing Supplement Essay (part of the online application)
- ☐ Official secondary school transcripts or mark sheet, including all courses taken, predicted grades and all grades received for grades 10, 11 and 12. British and Indian curriculum students should also include all exam results (IGCSE, AS, A-Level, CBSE, etc.) available at the time of application.
- ☐ One letter of recommendation from a college counselor, principal or academic advisor (submit through the Common Application)
- ☐ One letter of recommendation from a teacher or professor (submit through the Common Application)
- ☐ Official SAT (4246) or ACT (5269) results
- ☐ Official TOEFL (4246) or IELTS results
- ☐ Application fee of QAR 250 or USD 70

A personal interview is strongly recommended, but not required. Please schedule your interview online.

Visit **qatar.cmu.edu/admission/how-to-apply**

The regular application deadline for fall (August) enrollment is **February 1**. The early decision deadline for eligible students is **November 1**.
